Dear Mr. Kinney:

Mr. E. E. Lowry's memorandum of 23 August 1983 forwarded to us one document with the request that we review its classification status. We have reviewed the document with the following result:

It is a DOD document, Subject: Committee on Biological Warfare-Action on Panel Recommendations, 1952 Program Guidance, dated 1 September 1952, classified TOP SECRET (Pages 4, 14, and 15 Only). These three pages contain information of interest to CIA which we have determined must remain classified but may be downgraded to SECRET under Sections 1.3(a)(4) and 1.3(a)(5) of Executive Order 12356.

The document is returned to you herewith as requested. We have added our classification review stamp showing our action.

Sincerely,

Signed
